Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

10/11/21 - 10/17/21

Monday-Saturday

- Gusty northerly winds of 35-50 mph are expected across much of the state Monday, leading to critical fire weather concerns
 - The strongest wind gusts of 60-70 mph are possible across portions of central and southern California through Monday night
 - Winds turn more offshore but decrease in speed on Tuesday, with continued fire weather concerns.
 - Gusty offshore winds could linger across southern California on Wednesday
- Cooler temperatures expected statewide through mid week, with potential mountain snow over the Sierras and southern mountains for Monday and Monday evening.
- Gradually warming and more quiet conditions are expected by late in the week and into the weekend.
 - Gusty winds and increased fire weather concerns are possible across central CA on Thursday and for the southern CA mountains on Friday
